

NEW PRODUCT!

Modular Shelter & Side Room for Tailgating, Camping, Outdoor Lifestyle

The ArcHaus™ is the first in the Tentris™ line of fresh, outdoor enclosures offering the best of both tents and shelters, and some new surprises!

Versatile and easy to use, the ArcHaus™ is an enclosed shelter, a side room, a gear storage area, and for modular connectivity some cars, van and trailer campers, and just about anything in between.

Features

- Dimensions overall 10'L x 6'W 6'6"H
- Modular end panels adapts enclosure in many unique ways (may use with or without). Three (3) interchangeable, zippered end panels included:
 - Solid/Screen (2), and Connector Sleeve (1) with clipped straps.
 (Connector Sleeve elastic stretches to 5' x 5', or derivative thereof for fit on small to medium size car hatches)
- Aerodynamic arc design for protection from the elements, and inherent privacy.
- Carry bag included.

Tentris™ Connects! with Options:

Combine and expand living and storage area with **Zipper-Mate** option.

Fully screened inner tent attachment with solid floor **Screen Room** option. Zippered doors on both ends and easy clip on to ArcHaus™ interior. Keeps the bugs and dirt away.
