With the GearWagon 125 Camper model, enjoy all the function and full capacity use of the GearWagon™ 125 trailer, with added features for conversion into a comfortable camper:

Tent & Vestibule

- Tent with screened windows and door secures around trailer body
- Vestibule extends over endgate for added storage and living space.
- Triton Marine Fabric, 100% polyester woven with a vinyl-coated topside. High strength, heavy-duty laminate for warmth and long lasting quality. Water repellent and resistant to mildew and UV.

Decking

- 80" L X 60" W (Overall dimensions)
- Four modular panels fit into molded ledge at 20", 40", 60" and 80" from nose to rear.
- 20 lbs each / 80 lbs overall.
- 500 lbs weight rating.
- Panels store along sidewalls.

Decking fits queen size air mattress (not included).

Leveler Kit

- Two height adjustable and retractable stabilizer jacks for use when trailer is off the hitch to preventing rearward tipping.

SolarVent

- Removes condensation build up, quiet, reliable ventilation. Moves 1,000 cubic feet per hour and will run for up to 48 hours without sunlight.

Sleep two with gear stored below, or sleep up to four as shown.

Heater Hanger

- Integrated support bracket included with the GearWagon 125 Camper Trailer. Use for mounting small, portable heaters (heater not included).
