

GearWagon™ 125 Accessory Options

The options below may be applied to both the GearWagon 125 and GearLodge Camper

Spare Tire Kit

Mounts spare tire to the GearWagon™ 125 and keeps tire secure and accessible. 13" Silver rim, 24" diameter steel belted radial tire. (Part No. ACC3042).

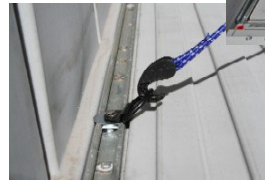

Spring Nuts: Set of 10

Insert device for Hardpoint C-Channel Track that contours the floor perimeter of the GearWagon™ 125. Provides non-fixed 1/4 - 20 bolt-hole locations for a wide range of user applications. (Part No. ACC 3257)

Tie Down Combo Pack: Set of 4

Includes 4 Spring Nuts, 4 D-Ring Tie Downs, and hardware for Securing tie down in trailer's C-Channel Hardpoint track, integral to both GearWagon™ 125 and LittleGiant™ Trailer. Position at desired locations along track for flexible, yet fixed attachment points. (Part No. ACC 3258)

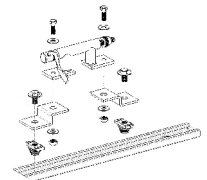

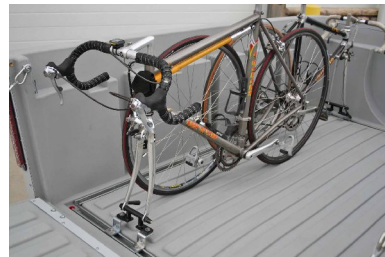

Ramp (s)

Custom designed, Fulton aluminum with safety flange and tie down strap, sold individually. (Part No. ACC 3051)

Bike Mount Kit (s)

The GearWagon™ 125 carries up to 6 bicycles, which may be secured inside the trailer's Hardpoint Track using LGA's Bike Mount Accessory Hardware Kits. Bicycles are secured by clamping the front fork to the quick release mounting hardware included. The front wheel of each bicycle is secured using the length adjustable bungee retainer supplied with each kit. (Part No. ACC 3007)
