

GEARWAGON™ AT SPORT PERFORMANCE TRAILER

This light and compact, high capacity performance trailer will haul all your gear and more! Offering convenient and user-friendly cargo management, enjoy full waist level access for easy loading of items like luggage, bicycles, outdoor gear, and lots of hobby or trade equipments.

The GearWagon All-Terrain is built to perform under any road conditions and highway speeds your car will go. A natural extension of any vehicle with more capacity than most SUVs, you'll hardly know it's back there!

FEATURES

- 86 cubic feet of enclosed storage space.
- Lightweight construction pulls easily behind smaller cars; easy to maneuver both on and off the hitch (25 lbs tongue weight).
- Clamshell opening design provides full access for loading and unloading of your cargo.
- Interior C Channel track provides attachment points for securing equipment and up to five bicycles (Bike Mounting Kits hardware optional).

Transport up to 5 bicycles in secured, upright position with Bike Mount Kit option.
